November 23, 2020

Good evening. The district received news today that one additional Bridgeport Middle School student as well as one additional Bridgeport Elementary student have been lab confirmed with a positive COVID-19 report. Our school nurse has already contacted anyone that may need to quarantine out of an abundance of caution. For your reference, we now have 9 lab confirmed positive COVID-19 cases in our school district. The breakdown of our active cases is listed below:

- High School – 2 positive COVID-19 cases. Both of these students should return to school after Thanksgiving break.
- Middle School – 4 positive COVID-19 cases. 3 of these students should return to school after Thanksgiving break while the latest positive student will return on November 30, 2020.
- Elementary School – 2 positive COVID-19 cases. One student will return to school after Thanksgiving break while the other student will return on November 30, 2020.
- Faculty – 1 positive COVID-19 case. This faculty member will be eligible to return to school after Thanksgiving break.

In closing for the week of November 30 through December 4, 2020 the Bridgeport School District will operate using our remote learning model for all students PS – 12th grade. I wanted to get this information out to you as soon as possible so you could make appropriate plans at home. Principals will be sending out additional information to you later this week.

Thank you, have a great evening and as always, Go Dogs!
