Schedule of Meetings

Meetings for the (Academic Year) school year include:

Regional BAC Meeting: September 23, 2024	Guernsey Co Workforce Collaborative:	November 5, 2024
	Belmont Co Workforce Collaborative:	November 7, 2024
	Tuscarawas/Harrison Co Workforce Collaborative:	November 15, 2024
Regional BAC Meeting: May 1, 2024	Guernsey Co Workforce Collaborative:	February 27, 2025
	Belmont Co Workforce Collaborative:	March 11, 2025
	Tuscarawas/Harrison Co Workforce Collaborative:	March 13, 2025

Three Quality Practices required by the Ohio Department of Education & Workforce Business Advisory Councils include:

- **Develop Professional Skills for Future Careers**—Work together to delineate key professional skills needed for the future job market. Develop a curriculum that instills these skills while advising on changes in the economy and job market.
- **Build Partnerships**—Develop working relationships among businesses, labor and education personnel
- **Coordinate Experiences**—Create environments that allow students to demonstrate proficiency in critical professional and specialized skills that will aid in future employment.

ECOESC's Regional Strategies for the 2024-25 School Year include:

Goal 1: Develop Professional Skills for Future Careers
Provide member districts resources and training to increase skill attainment for students
Provide member districts credentialing programs to increase skill attainment for students
Goal 2: Build Partnerships
Expand career exploration options to members districts
Expand apprenticeship opportunities and experiences
Goal 3: Coordinate Experiences
Increase career exploration experiences for member districts
Increase pre-apprenticeship experiences for member districts

ECOESC's Regional BAC Action Plans for 2024-25 to Develop Professional Skills for Future Careers include:

	Provide member districts resources and training to increase skill attainment for students	Provide member districts credentialing programs to increase skill attainment for students
Plan or Initiative	<ol style="list-style-type: none"> 1. Provide training for schools that have invested in the YouScience platform to better serve our students and communities with the data. 2. Analyze YouScience data at BAC meetings to inform businesses/schools on trends and to close the gap with student industry exposure. 3. Provide eight meetings throughout the school year to Career Navigators to provide on-going support with YouScience, coaching, mentoring, and program expansion. 4. Provide on-demand professional development to Administrators/Staff on the importance of increased skill attainment, including credentials/certifications but also professional skills as well. 5. Collaborate with Career Centers to educate districts on program/credential offerings to students and career exploration 	<ol style="list-style-type: none"> 1. Continuation of expanding the pre-apprenticeship program through ECOESC to increase the 12 points in IRCs for students 2. Continuation of building programs that offer 12 points in IRCs to member districts 3. Increase school report card scores under College, Career, Workforce, & Military Readiness measure
Districts Impacted	<ol style="list-style-type: none"> 1. All member districts of BAC using YouScience 2-5. All member districts of the BAC 	1-3. All member districts of the BAC
Businesses Involved	1-5. All BAC member businesses, including but not limited to, Chamber of Commerce Members, school districts, governmental agencies, and other entities.	1-3. All BAC member businesses, including but not limited to, Chamber of Commerce Members, school districts, governmental agencies, and other entities.
Timelines	<ol style="list-style-type: none"> 1. August of 2024 2. September 2024, November 2024, March 2025, June 2025 (BAC Meetings) 3. August, September, October, November, February, March, April, May 4. As Needed 5. August 2024—June 2025 	<ol style="list-style-type: none"> 1. October-November, March-April, and June-July 2-3. August 2024-June 2025
Resources	<ol style="list-style-type: none"> 1. YouScience Subscription fee, district point of contact for implementation 2. Member district compilation of data by ESC staff 3. ESC Executive Director of Workforce Development & Student Supports, Workforce Development Coordinator, & Workforce Development Liaison 4-5. Workforce Development Coordinator, TechPrep Regional Coordinator, & Workforce Development Liaison 	1-3. District funding, IWIP funding, ECOESC staff, district staff, business/industry manpower
Potential Challenges	<ol style="list-style-type: none"> 1. Districts using a different tool (OMJ or GRIT) and continued funding for YouScience 2. Missing data from schools not using YouScience or not implementing the assessment 3-5. Availability to attend meetings due to conflicts or obligations in the districts 	<ol style="list-style-type: none"> 1-2. Decrease of IWIP and ODEW credential reimbursements to school districts. 3. Decrease in funding which prevents dedicated personnel from increasing experiences which count towards this measure.
Metrics/Data	<ol style="list-style-type: none"> 1. 16 districts with access 2. Countywide data is disseminated at BAC meetings to districts/community partners/businesses regarding aptitude and interest misalignment 3. A shared Google Drive Folder holds all agendas, presentations, and handouts from meetings throughout the school year. 4. N/A 5. N/A 	<ol style="list-style-type: none"> 1. During the 2023-24 SY, 242 students from ECOESC member and non-member districts completed the ECOESC pre-apprenticeship program in one of seven different industries. 2. Credentialing programs expanded from STNA, Welding, and HVAC to also include Cybersecurity, Heavy Equipment Technician, and Criminal Justice. These programs are available through Belmont College and Washington State College of Ohio to local high school students. 3. All measures are now live in the CCWMR Measure. Comparative data will be analyzed next school year.
Impacting Students with Disabilities	<ol style="list-style-type: none"> 1. All students in participating member districts have access to YouScience in the designated grade levels. 2. N/A 3. Topics at meetings do include students with disabilities. SST members are also invited for input. 4. Presentations can be tailored to any student population 5. All program development considers students with disabilities 	1-3. All districts have the ability to utilize these programs for students with disabilities.

ECOESC's Regional BAC Action Plans for 2024-25 to **Build Partnerships** include:

	Expand career exploration options to member districts	Expand apprenticeship options to member districts
Plan or Initiative	<ol style="list-style-type: none"> 1. Expand Middle School Career Connections Program 2. Continuation of expanding the pre-apprenticeship program through ECOESC to increase the 12 points in IRCs for students 3. Continuation of building programs that offer 12 points in IRCs to member districts through Community Colleges/ Career Centers to high school students 4. Continued facilitation of the County Workforce Collaborative Meetings 	<ol style="list-style-type: none"> 1. ECOESC has an approved K-12 teacher apprenticeship through ApprenticeOhio. The pilot year for the implementation is 2024-25. Expanding these opportunities to schools and potential apprentices throughout the State is imperative.
Districts Impacted	<ol style="list-style-type: none"> 1. Belmont, Tuscarawas, and Noble counties 2-4. All BAC member districts 	<ol style="list-style-type: none"> 1. All school districts in the region.
Businesses Involved	<ol style="list-style-type: none"> 1-4. All BAC member businesses, including but not limited to, Chamber of Commerce Members, school districts, governmental agencies, and other entities. 	<ol style="list-style-type: none"> 1. All school districts in the region since education is the industry impacted.
Timelines	<ol style="list-style-type: none"> 1. 2024-25 School Year 2. August, September, October, November, 3. As Needed 4. November 2024 & March 2025 	<ol style="list-style-type: none"> 1. September 2024—Pilot begins and will run throughout the school year.
Resources	<ol style="list-style-type: none"> 1-4. District funding, ECOESC staff, district staff, business/industry manpower 	<ol style="list-style-type: none"> 1. District funding, ECOESC staff, district staff/mentors, college/ university involvement
Potential Challenges	<ol style="list-style-type: none"> 1. Participation from local businesses that cover all industries. 2-3. Decrease of IWIP and ODEW credential reimbursements to school districts. 4. Availability to attend meetings due to conflicts or obligations in the districts/companies. 	<ol style="list-style-type: none"> 1. Obtaining school district support for the apprentice positions since they are paid by the district.
Metrics/Data	<ol style="list-style-type: none"> 1. Participation from three Guernsey County school during the 23-24 SY. Participation from two Tuscarawas County schools during the 23-24 SY. Participation from one school in Harrison County during the 23-24 SY. 2. During the 2023-24 SY, 242 students from ECOESC member and non-member districts completed the ECOESC pre-apprenticeship program in one of seven different industries. 3. Credentialing programs expanded from STNA, Welding, and HVAC to also include Cybersecurity, Heavy Equipment Technician, and Criminal Justice. These programs are available through Belmont College and Washington State College of Ohio to local high school students. 4. Attendance with county workforce collaborative meetings continue to grow. 	<ol style="list-style-type: none"> 1. N/A
Impacting Students with Disabilities	<ol style="list-style-type: none"> 1-4. All programming considers students with disabilities 	<ol style="list-style-type: none"> 1. N/A

ECOESC's Regional BAC Action Plans for 2024-25 to **Coordinate Experiences** include:

	Increase career exploration experiences for member districts	Increase pre-apprenticeship experiences for member districts
Plan or Initiative	<ol style="list-style-type: none"> 1. Increase the number of students that participate in Internships, job shadowing, careers fairs, industry tours, and Manufacturing days at the middle and high school level. 2. School districts that participate in "Careers in My Community" at the elementary school level. 	<ol style="list-style-type: none"> 1. Continue to offer pre-apprenticeship opportunities to districts in the region, with the goal to expand industries.
Districts Impacted	<ol style="list-style-type: none"> 1. All member BAC districts 2. Cambridge City Schools, Noble Local School District, and Rolling Hills School District. 	<ol style="list-style-type: none"> 1. All member districts & 13 non-member districts
Businesses Involved	<ol style="list-style-type: none"> 1. All BAC member businesses, including but not limited to, Chamber of Commerce Members, school districts, governmental agencies, and other entities. 2. All BAC member businesses in the Guernsey/Noble counties, including but not limited to, Chamber of Commerce Members, school districts, governmental agencies, and other entities. 	<ol style="list-style-type: none"> 1. All BAC member businesses, including but not limited to, Chamber of Commerce Members, school districts, governmental agencies, and other entities.
Timelines	<ol style="list-style-type: none"> 1. August 2024 through July 2025 2. October 2024 through May 2025 	<ol style="list-style-type: none"> 1. October-November, March-April, and June-July to implement changes but August 2024-June 2025 to complete the program.
Resources	<ol style="list-style-type: none"> 1. District funding, ECOESC staff, district staff, business/industry manpower, OSU-Extensions 2. Mid-East Career and Technology Center employees. 	<ol style="list-style-type: none"> 1. District funding, IWIP funding, ECOESC staff, district staff, business/industry manpower
Potential Challenges	<ol style="list-style-type: none"> 1. Transportation, funding, coordination with businesses, and school schedules 2. Lack of knowledge of the program to grow in other districts 	<ol style="list-style-type: none"> 1. Decrease of IWIP and ODEW credential reimbursements to school districts. Decrease in funding which prevents dedicated personnel from increasing experiences which count towards this measure.
Metrics/Data	<ol style="list-style-type: none"> 1. School districts continue to promote career exploration opportunities. Data can be found attached. 2. Growth in participation from districts allowed for a second teacher to be hired. 	<ol style="list-style-type: none"> 1. During the 23-24 SY, seven additional schools created pre-apprenticeship plans with ECOESC. This brings the total schools that participate to 37. During the 2023-24 SY, 242 students from ECOESC member and non-member districts completed the ECOESC pre-apprenticeship program in one of seven different industries. This number increased by 110 student completers.
Impacting Students with Disabilities	<ol style="list-style-type: none"> 1. All programming considers students with disabilities. 	<ol style="list-style-type: none"> 1. All programming considers students with disabilities.
