## How to Screen Mirror to SMART Board

- Press the physical home button on the bottom right bezel to return to the home page (if not already there)
- At the bottom, middle of the screen tap the Screen Share icon

- On your iPad, swipe down from the top right of
- the display to open the Control Center
- In the Control Center tap the screen mirroring icon

- Choose your room number and begin screen mirroring
  - Make sure what you choose correlates with the method you are using. In this case you'll choose just your room number. Your Apple TV will be "Apple TV ###".

**Troubleshooting**

If the device fails to connect to the screen or your room number does not show up you can follow the steps below.

- Press the physical home button on the bottom right bezel to return to the home page
- Tap "Settings"
- Tap "Network"
- Toggle WiFi off then back on
- Repeat the steps for How to Screen Mirror
